The Journal of Agricultural Education Teachers Association of Nigeria is a peer-reviewed publication of the Agricultural Education Teachers' Association of Nigeria (AETAN). It encourages submission of original manuscripts that emphasize empirical research reports of research which may be quantitative or qualitative in nature. The following guidelines for preparing your manuscripts MUST be strictly adhered to:

1. Ensure recommended changes and queries raised by the reviewers are incorporated and addressed in the revised manuscript.
2. The manuscript must follow the APA (6th Edition) style rule of citations, use of numbers, abbreviations, e.t.c.
3. Ensure thorough editing (proof reading and use of grammar and spelling checker on your computer) to be sure your manuscript is devoid of any errors. Non-compliance to this could disqualify your manuscript from inclusion in the Journal publication.

- Titles of tables should be italicized and appear in initial capitals. Title should not be bold; but single-line spaced if it runs in 2 or more lines.
- Avoid grids on your tables. Use 3 major horizontal lines: the first two enclosing the headings on the table, and the last line at the end of the table. Use single line spacing within the table.
- Include effect size at the end of the title in bracket e.g. (n=340), where sample was studied; and (N=340) where an entire population was studied.
- Ensure your statistical information is presented accurately and properly.
